Mike Rosenberg is the owner of TruckHunters.com and a Georgia state-licensed used vehicle dealer since 1999. A legal immigrant, Mike arrived in the United States in 1992 with just \$50 in his pocket and began working on his second day in America. His journey reflects the opportunities made possible through hard work, determination, and the American dream.

Mike began his career in the automotive and commercial trucking industry in 1993 and has remained an independent dealer throughout his career. Over the past three decades, he has built a successful business specializing in the purchase, sale, and export of quality American commercial trucks and equipment.

His experience spans customers across the United States and international markets, including Eastern Europe, Africa, Asia, the Middle East, Mexico, Central America, and South America. Through TruckHunters.com, Mike continues to help owner-operators, fleets, and businesses find the right equipment while providing financing solutions, warranty options, and nationwide delivery assistance.

Beyond business, Mike is a devoted husband, a proud father of three daughters, and a grateful son who values family, faith, hard work, and personal responsibility. He believes that success is measured not only by business achievements but also by the legacy we leave for our families and communities.

After more than 30 years in the trucking industry, Mike remains passionate about helping customers succeed and creating opportunities for others.
